

MR BITTER LOVE

I'm in it for the music not wage
Ain't got no time nor the age
For narcissists, perverts and rage
I'm in it for the love, missed a bit of love

I'm in it for the music not fame
Ain't got the rime nor the aim
Just diging it as I fill the frame
I'm in it for the love, missed a bit of love
A minute for the love, mister bitter love
I'm in it for the love, missed a bit of love

I'm in it for the music, use it
Listen to the new shit, booz it and lose it, still stuck here
Doubt of it, out of it, in of it, that's the shit but most of it, not so sweet
Every beat is a sweat, every bet is a suite, bitter sweet is the treat
Gotta keep on moving through the heat

Gotta keep on moving, keep on moving, gotta keep on moving
Keep on, Keep it going, moving through

I'm in it for the music not wage
Ain't got no time nor the age
For narcissists, perverts and rage
In it for the love, I'm in it for the love
A minute for the love, missed a bit of love
Hey, I'm in it for the love, mister bitter love

A minute for the love, come on mister bitter love
Hey I'm in it for the love, in for the love mister bitter love
Feel the vibe, a minute for the love

Feel it, feel it, I'm in it for the love
Come on mister bitter love hey feel the vibe, feel the vibe
